"This volume is replete with the various learning of the author. There are few ſources from which illuſtrative matter was to be obtained which have not been ranſacked in order to throw light upon the ſacred text. The numerous ſhort, pithy, pertinent extracts made from the writings of the Fathers, form by themſelves a very valuable body of notes, full of freſh and vigorous matter, and replete with the very ſpirit of primitive truth."—*Literary Churchman.*
